

ProStar® bumpers from Hendrickson available for multiple applications

Available for all model years and mounting configurations.

AERO GUARD®
Part Number 0450AGK

With a complete line of bumpers for International® ProStar® trucks, Hendrickson has a solution for a variety of materials and mounts to meet customer demands. AERO CLAD® offers the look and finish of chrome, but without the weight of steel and is corrosion resistant.

AERO GUARD® has superior impact durability to traditional TPO in a two-piece design. Both options are available for several model years and with mounts for any model year.

H AERO CLAD® Stainless Steel-Clad Aluminum Bumper

AERO CLAD® offers high ground clearance and a bright mirrored finish in a lightweight metal bumper

AM0451SSC

AERO CLAD® Features and Benefits

- Up to 3.5 inches of improved ground clearance compared to the plastic bumper — helps reduce damage incidents (snow drifts, curbs, etc.)
- 15 pounds lighter than OEM plastic bumper with stainless overlay
- Finish 10 times thicker than chrome making it resistant to cracking, pitting, peeling and fading
- Lightweight material provides bright mirrored finish with no negative impact to fuel efficiency
- Variety of mounting options accommodates all truck model years
- Five-year limited warranty*

**Contact your local Hendrickson representative for complete warranty terms, conditions and limitations.*

H AERO GUARD® Injection Molded Resin Bumper

AERO GUARD® provides all of the advantages of a plastic bumper with unexpected durability

AERO GUARD® Features and Benefits

- Increased durability in severe conditions provides greater impact resistance up to -30 degrees
- Improved ground clearance of up to 3.75 inches translates into less damage from curbs, ramps and snow drifts
- Lightweight, two-piece design provides ease in serviceability
- Available with a variety of mount options, including universal tilt mount for all model years
