This TIREMAAX® CP controller assembly has been factory preset to:

110 psi

If the lamp remains on continuously for more than 10 minutes, one or more tires may be low or the system requires service.

Install the enclosure so drain hole is located on the bottom.

For complete service details, refer to Hendrickson publication L995, TIREMAAX CP Installation, Service and Troubleshooting Procedures, or call the Hendrickson technical service department at 800-455-0043 in the United States or 800-668-5360 in Canada.
