PRIMAAX® EX is a severe-duty vocational air suspension designed specifically for the rigorous demands of vocational, severe service and heavy haul applications. The system provides technologically advanced features designed to enhance durability, reliability and handling characteristics.

To learn more about PRIMAAX EX, call 855.743.3733 or visit www.hendrickson-intl.com
PRIMAAX® EX Features and Benefits

Genuine Hendrickson Torque Rods
- Optimized configuration helps improve handling and roll stiffness for expanded applications
- Premium retained rubber bushings for increased service life and resistance to walkout
- Alternative rods available for disc brake use

QUIK-ALIGN®
- Allows for easy axle alignment without shims
- Reduces maintenance time and helps extend tire life

Axle Connections
- D-pin axle connection decreases torsional axle stress for reduced maintenance and improved joint integrity
- Integrated axle stop contact pads reduce axle stress

Air Springs
- Large volume, low frequency design for improved ride
- Advanced design air springs provide fast fill time

Structural Beams
- Integrate end caps for increased reliability
- Utilize premium materials for high durability
- Robust rubber bushings improve service life and eliminate lubrication requirements

Height Control Valve
- Maintains proper suspension ride height
- Twin height control valves available for improved leveling in applications with uneven loading

Heavy-Duty Shock Absorbers
- Positioned and tuned for optimum damping characteristics

Cross Beams
- Seamless fabrication technology forms a robust torsion system with structural beams, improving stability

Actual product performance may vary depending upon vehicle configuration, operation, service and other factors.
All applications must comply with applicable Hendrickson specifications and must be approved by the respective vehicle manufacturer with the vehicle in its original, as-built configuration.
Contact Hendrickson for additional details regarding specifications, applications, capacities, and operation, service and maintenance instructions.

Call Hendrickson at 630.910.2800 or 855.RIDERED (743.3733) for additional information.
