

TOUGHLIFT™ FM

Auxiliary Lift Axles

TOUGHLIFT™ FM lift axles (Formerly HLM) bring a winning reputation, reliability, performance and durability you have come to expect from Hendrickson products.

Hendrickson offers a wide variety of auxiliary lift axles to meet the requirements of any application. The TOUGHLIFT™ FM Series is engineered for rugged on- and off-road applications accommodating a wide range of ride heights for both truck and trailer applications. Hendrickson's TRI-FUNCTIONAL® Bushing helps absorb brake and acceleration forces while providing superior roll-control. The QUIK-ALIGN® feature simplifies the alignment process by eliminating welding of the alignment collar. Capacities available up to 25,000 lbs. in both pusher and tag axle configurations.
